Experience

Managing Online Editor and Data Journalist, The Michigan Daily September 2025 - Present

- Collaborated to report and produce data-driven stories, obtaining data and translating analysis into accessible findings and visualizations.
- Managed digital presentation, homepage layout, and web publishing workflow for breaking and enterprise coverage.
- Worked with reporters, editors, designers, and engineers to develop visual and interactive story formats.

Editor-in-Chief, Her Campus at U Mich August 2024 - Present

- Lead editorial strategy and production for an online campus magazine, managing 40 writers and editors and publishing 120 pieces per semester.
- Guide cultural criticism and digital-culture reporting and coverage from pitch to publication, including source development, fact-checking, and structural revision.
- Introduced post schedule initiative, increasing publication output by 60%, resulting in our chapter's promotion from "Silver" to "Gold" designation.

Web Production Intern, United States Holocaust Memorial Museum June 2026 - August 2026

- Analyzed audience and website-usage data to identify engagement patterns and presented findings through visualizations and stakeholder-facing reports.
- Translated analytics for digital content, navigation, or audience strategy.
- Produced and quality-checked web content for a national public-history institution's website, collaborating with content producers and developers.

Selected Projects and Publications

- [epilogue](#) - Interactive "scrollytelling" website built with Svelte, using real-world data from the Black Wealth Data Center to narratively explore the Great Migration. Combined interactive visualization, explanatory writing, and responsive web design; selected as a finalist in a Bloomberg-sponsored challenge.
- [Speech, controversy and freedom at UMich](#) - Explored aggregate data from the FIRE College Free Speech survey to report on trends particular to the University of Michigan and the state of Michigan as a whole.
- [National college church organization Acts2 Network connected to decades of spiritual abuse allegations, Daily investigation finds](#) - Managed digital layout and developed interactive timeline sidebar to generate engagement with the digital format and visually compel the piece's narrative.
